

Workshop - Connect

12 octubre

De 12.00 hasta 13.30

The objective of the CONNECT Mechanism is to facilitate effective transfer of specific local and regional government know-how, in particular via brokering, which will allow local and regional governments in partner countries (the demand side) to find available expertise in European countries and beyond (the supply side), in order to contribute to capacity development. This workshop will shed light on the background and context of this initiative, highlight the next steps to be taken, as well as describe the relevance of the CONNECT Mechanism to the audience.

Lugar:

S6

Ponentes:

Peter

Knip

Director of VNG International
