

# The UCLG World Congress on-line registrations are now open!

Enviado por a.salas el Mar, 19/07/2016 - 10:35

**United Cities and Local Governments and the City of Bogota are pleased to announce that the on-line registration is now open for the World Summit of Local and Regional Leaders, the 5<sup>th</sup> UCLG Congress, which will be held from 12 to 15 October 2016 in Bogotá, Colombia.**

The **World Summit of Local and Regional Leaders** is the largest, most influential local and regional world leaders conference and global gathering of mayors, councillors, local governments, and our partners. The Summit will see the celebration of the **5<sup>th</sup> World Congress** of UCLG.

The 2016 edition of this triennial Summit, **“Local Voices for a Better World”**, will be held back-to-back with the Habitat III Conference.

Held every three years, the World Summit of Local and Regional Leaders has acquired, during the course of previous editions, a strong and important role within the international community. This high-calibre event remains referential and one of the most anticipated meetings for local and regional leaders and decision makers.

Participants can easily access the registration form on the Congress [website](#) and will receive an early bird discount by registering **before 15 September**.

For more information regarding the registration process please address to the Secretariat of the World Summit in Bogota:
